**Subject:** RE: Potential ESF-10 Mission Assignment

Anthony, I revised the numbers slightly... I forgot (it's been a while) we have to add our indirect costs to each mission assignment (13.29%)

*With Regards, Steve*

**Subject:** Potential ESF-10 Mission Assignment

Anthony, I have attached the draft Request Resource Form for the State to decide whether you want to request federal assistance for ESF-10 aerial assessments...

The final cost is based on 7 days:

1 EPA helicopter for inland assessments for 7 days  
ASPECT Plane for 7 days

1 USCG helicopter for coastal/marine assessments for 7 days

EPA-contracted Helicopter and crew (1 OSC / 2 START) = \$ 14,000 / day x 7 days	= \$ 98,000
ASPECT Plane for 7 days = \$ 10,500 / day x 7 days	= \$ 73,500
USCG Helicopter and crew = \$ 27,000 / day x 7 days	= \$
189,000	
Total:	= \$

350,500 + 4,658 = so round off to \$ 355,000.00

If you decided to add an additional EPA helicopter, you would need to add another \$ 7,000 or so to this total for 7 days (\$49,000)...

*With Regards, Steve*
